

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 5/13/2008
Meeting: League of Women Voters Walking Tour
Presenters: Ashland Vaughn, Don Ulrich, Andy Mountain
Number of Attendees: 14
Purpose: Provide overview of alignment and station layout through Olde Town Arvada

Meeting Summary/Key Issues

Ashland Vaughn, Don Ulrich and Andy Mountain provided the League of Women Voters with a brief update on the Gold Line Environmental Impact Statement (EIS), emphasizing the project's alignment and station layout through Olde Town Arvada. A summary of the project's schedule was presented, including the estimated timeframe for the release of the DEIS.

The team then took meeting attendees on a walking tour of the alignment and proposed station location through Olde Town. The summer 2008 public hearings were identified as future opportunities for public involvement. The project team concluded the meeting with a question and answer session.
