

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 8/3/2008
Meeting: Sheridan Station Neighborhood Listening Session
Presenters: Andy Mountain, Liz Telford, Don Ulrich
Number of Attendees: 7
Purpose: To provide information on current plans for the proposed Sheridan station

Meeting Summary/Key Issues

Andy Mountain, Liz Telford and Don Ulrich met with stakeholders who live near the proposed Sheridan station to discuss current plans for the Gold Line. Representatives from the City of Arvada also attended to discuss the City's station area planning efforts around the Sheridan station.

Andy brought maps of the proposed layout for the Sheridan station and discussed the technical considerations and public input that resulted in the recommendation of the proposed footprint. Representatives from the City of Arvada also presented their plans and desires for this station. Several residents expressed concern about increased traffic on 60th Avenue, and the project team discussed potential measures to help mitigate traffic. The DEIS milestone schedule was discussed, and Andy overviewed upcoming opportunities for public involvement.
