<p>Your're making a statements on a meeting on October 12th and 14th. Is that a past dated meeting? Is that for 2007 or is that for upcoming 2008? There is no clarity or explanation. You also have a meeting that's scheduled on the 14th for the Arvada City Council. Now is that open to the public or not? There is no information on that also. You're not informing the public as well as you should be. Is there any reason as why that is happening? I'd like some clarity on that and where we can get a live person to talk to, because there is just no clarity on your website at all. Thank you.</p>	phone	Jan 11 2008
<p>Public meetings for Goldline Your phone service states meetings in Oct. Is that for 2007 or 2008. Why are you not updating your messages? Is the Meeting Jan 14th,2008 for members of the Arvada City Council ONLY or is it open to the public? Where is the meeting to be held. We need a physical address. Thank You</p>	email	Jan 11 2008

<p>Is the Draft EIS on public review yet? If so, where may we view the document?</p>	email	Jan 17 2008
<p>My question is, my only exit out of my property is onto Ridge Road, and I don't know if you guys are going to be providing access to that or how that's going to be dealt with. And I just wanted to talk to someone who could maybe answer that question, since you're going to be starting that procedure soon. I don't know if I should call the city of Arvada. I don't know who to call. So if you could give me a call at (XXX)XXX-XXXX, I would appreciate it because I do have some concerns about that. I do get the emails but I have not been able to attend the meetings because of work, so if you could get back to me, I would appreciate it. Thanks.</p>	phone	Jan 18 2008

<p>Gold Line west of Ward Road Dear RTD,</p> <p>XXXXX XXXXX Association has long been an advocate of the Gold Line into Golden as long as the route does not come through the XXXXX community. When I was on a committee much earlier, this was discussed and the result is that any route west of Ward Road would go down Ward Road, using the current RTD parking facility and then follow the CH-58 ROW into Golden. I am interested to learn whether this concept is still assured.</p> <p>In review of the Project Schedule, I notice that the Winter 2009 location of the graph notes "XXA issues". We are in hopes that this means that the concept that was understood is still in place.</p> <p>Please respond to this inquiry as the impact on the XXXX residential Community would be grave if the current RR line were to be the route that was to be used.</p> <p>Sincerely,</p> <p>Flora XXXX, President XXXXX Ph. <p>I just would like some information on the 38th and Inca Station. If you could give me a call back my home phone is XXX.XXX.XXXX. Thank you.</p>	phone	Jan 22 2008
<p>My name is Mike XXXX and I'm looking at the calendar for the Gold Line Corridor, and I was wondering if the meeting for the 38th and Inca Station Workshop is in fact being held this evening at the Smedley Elementary School. Like I said, the calendar on the RTD webpage does not indicate the meeting is going to be held tonight, yet I received a postcard in the mail indicating that it was to be scheduled for this evening. So if you could call me at my work office I'd really appreciate it. That number is XXX.XXX.XXXX once again XXX.XXX.XXXX. Thank you.</p>	phone	Jan 23 2008

<p>Liz -- Is it possible to complete the Gold Line sooner? I'll be retired in 2016! I can't believe that I won't get to ride liht rail to work.</p>	<p>email</p>	<p>Jan 30 2008</p>
<p>Thank you for the update. What exactly does this mean for the 38th and Inca rail stop?? Does the stop disappear, change locations, or stay in the same place?</p>	<p>email</p>	<p>Jan 30 2008</p>
<p>I was wondering about the Gold Line. I called before. I heard you're not going to start for a while. I wonder why it's taking so long. I was just curious. By the time I get it I'll be retired. You're taking a long time on this stuff. I talk to a lot of people who wonder where it's going to come in. I mean we're back in time on this stuff on the light rail.</p>	<p>phone</p>	<p>Jan 31 2008</p>
<p>In the map of the Ward Rd Station that has moved East, there is a Taft Street. We live on Taft Crt and 52nd ave. Will Taft Street be connected to Taft Court and has there been any mention of stop signs, or lights or something. The traffic on 52nd should increase tremendously! Our neighborhood, XXXXX, is concerned about traffic and our ability to access 52nd from Taft Court. Can you please give us more information? Thank you, Kathy XXXX XXXX XXX-XXX-XXXX direct</p>	<p>email</p>	<p>Jan 31 2008</p>
