I must say that I am extremely disappointed to hear that RTD is planning to build their maintenance facility where our plant is. We employee 100 people and many of them have been here more than 30 years. This is their livelyhood and their family's livelyhoods. Our plant is clean, productive and makes a quality product. We were recently awarded the OSHA VPP Star for our XXXX Facility on XXXXX Street for outstanding safety for our employees. We care about our people and making a difference in their lives. I can't imagine what these 100 families will do without this plant. I would ask that you take their futures into consideration before any extreme actions are taken. I appreciate you listening to us. We want and need to help these employees provide for their families.	website	Mar 19 2009
I just found out that your maintenance facility is proposed to be located on the site where my work is located. I have worked for XXXX for over 20 years. Isn't there someplace else you can put the maintenance facility instead of putting nearly 100 people out of work? And if the answer is no, I would like to have an idea of when I will be losing my job. How soon would you expect to shut down XXXX @ XXXX XXX Street?	website	Mar 20 2009

<p>Hello my name is Keith XXXXXXX and I am questioning your note about the Environmental Assessment for the Maintenance Facility that came out. It said the meeting is being held Thursday, April 23, but it said it is at the Stapleton Recreation Center and that's at 5090 Broadway. I don't believe the Stapleton Recreation Center is anywhere near 5090 Broadway, so I am calling to confirm if it is at the Stapleton Recreation Center what is the address or what is the building at 5090 Broadway? I am confused by your thing because I did not think the Stapleton Recreation Center was at 50th and Broadway in Denver. So anyway if you could give me a call I would appreciate it. 303-295-3456 \ Thank you, goodbye.</p>	phone	Mar 30 2009
