

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 4/23/2009
Meeting: Gold Line Advisory Committee (GLAC) Meeting
Presenters: Megan Lane
Number of Attendees: 6
Purpose: Provide overview and update on Gold Line and CRMF

Meeting Summary/Key Issues

Megan Lane provided the GLAC with a general update on the RTD FasTracks Commuter Rail Maintenance Facility (CRMF) and Gold Line projects. Specific discussion included the CRMF Supplemental Environmental Assessment (SEA) schedule and process as it relates to the Gold Line Final Environmental Impact Statement (FEIS).

During the meeting Megan answered questions and highlighted the existing opportunity for public comment during the official CRMF SEA comment period. Questions from the group centered mainly on the potential impacts of the CRMF and the Eagle P3 Request for Proposal.
