

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 12/2/2008
Meeting: City and County of Denver Comprehensive Planning Efforts Meeting in North District 9
Presenters: Andy Mountain
Number of Attendees: N/A
Purpose: Hosted a Gold Line informational table at a neighborhood meeting

Meeting Summary/Key Issues

Andy Mountain staffed a Gold Line informational booth at the City and County of Denver Comprehensive Planning Efforts Neighborhood Meeting in North District 9. The goal was to provide general project information and engage interested attendees in the Gold Line public involvement and Environmental Impact Statement process.

Throughout the event Andy answered many questions from the public, including inquiries related to Gold Line station options, construction costs, potential project impacts and the FasTracks system as a whole. Conversations focused mainly on the Gold Line schedule and the Pecos and 38th Avenue stations.
