

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 11/3/2006
Meeting: Mountain View Government Official Briefing
Presenters: Julie McKay, Chris Proud
Number of Attendees: 4
Purpose: Provide project update and alternate alignment overview to Mountain View government officials

Meeting Summary

Julie McKay and Chris Proud met with key members of the Mountain View government, including the Mayor and the Public Works Director, to discuss the Gold Line's proposed alternate alignments through Mountain View. The project team also provided an overview of the Gold Line project as a whole and the Environmental Impact Statement (EIS) process.

During the subsequent discussion, the project team highlighted upcoming opportunities for public involvement and answered several questions from the Mountain View officials regarding potential impacts to the community.
