

## **Gold Line Environmental Impact Statement (EIS) Contact Report**

**Date of contact:** 12/1/2006  
**Meeting:** Regency Student Housing Community Assistants  
**Presenters:** Chris Proud, Andy Mountain  
**Number of Attendees:** 10  
**Purpose:** Engage student population in the Gold Line EIS

### **Meeting Summary**

The purpose of Chris Proud and Andy Mountain's meeting with the Regency Student Housing Community Assistants was to provide an overview of the project and engage the student population in the Environmental Impact Statement (EIS) process. Their presentation included discussion of the alternatives under consideration during the current phase of evaluation (Conceptual Screening of Alternatives) with a specific emphasis on the 38<sup>th</sup> Avenue Station.

Chris and Andy discussed the EIS schedule, upcoming opportunities for public involvement and conducted Q&A with the meeting attendees. Several of the Community Assistants asked about pedestrian access to the 38<sup>th</sup> Avenue Station and seemed pleased with the concept of a pedestrian bridge connecting to the platform.
