

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 2/28/07
Meeting: Flour Mill Lofts Listening Session
Presenters: Liz Telford, Chris Proud, Megan Lane
Number of Attendees: 12
Purpose: Engage and educate residents of Flour Mill Lofts

Meeting Summary

Liz Telford, Chris Proud and Megan Lane engaged residents of the Flour Mill Lofts at their monthly residents meeting to provide a project update and overview. Their presentation focused on the Gold Line's alignment in relation to the building. This listening session included discussion of the alternatives currently under consideration, and the residents were pleased to learn that none of the alignments were expected to impact the Flour Mill Lofts property. The residents were particularly interested to learn information about the FasTracks program as a whole and plans for Denver Union Station.

The project team also discussed the EIS schedule and upcoming opportunities for public involvement. The project team concluded the listening session by answering questions posed by attendees.
