

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 9/1/06 – 9/3/06
Meeting: Arvada Harvest Festival Gold Line Booth
Presenters: Megan Lane
Number of Attendees: N/A
Purpose: Provide project information to Arvada residents

Meeting Summary

Megan Lane and other project team members staffed a Gold Line information booth during the Arvada Harvest Festival. The purpose of the booth was to engage members of the Arvada public in the Environmental Impact Statement (EIS) process and to provide festival-goers with an overview of the Gold Line. The booth included a Gold Line map of the alternative recommended in the MIS, as well as project fact sheets and a mailing list sign-up. The team highlighted upcoming opportunities for public involvement and discussed the Gold Line's schedule.
