

Gold Line Environmental Impact Statement (EIS) Contact Report

Date of contact: 9/7/07 – 9/9/07
Meeting: Arvada Harvest Festival Gold Line Booth
Presenters: Megan Lane
Number of Attendees: N/A
Purpose: Provide project information to Arvada residents

Meeting Summary

Megan Lane and other team members staffed a Gold Line information booth during the Arvada Harvest Festival. The purpose of the booth was to provide an overview of the project and the Environmental Impact Statement (EIS) process to interested attendees. Throughout the weekend, the team highlighted upcoming opportunities for public involvement and discussed the Gold Line's schedule. The conversations focused on the Preferred Alternative (EMU on the BN/UP railroad alignment) and its alignment through Arvada.

The most frequently posed questions related to the construction schedule, with many people asking when the line would be open to the public. Additionally, many asked questions about the Olde Town Arvada station.
