My name is David XXXX. My number is XXX-XXX-XXXX. I have a client that they are going to be putting the parking lot platform station on his property. I was interested in your acquisition letters that might be sent out and what is the timetable. He is on the XXXX station, off of Federal. Thank you. My number is XXX-XXX-XXXX.	phone	Sep 05 2008
Hi, my name is David. My number is XXX-XXX-XXXX I have a client that they're going to be putting the parking lot platform station on his property on the XXXX east end. I need some information on property acquisition scheduling. My number again is XXX-XXX-XXXX. I'm having great difficulty in getting anybody to respond to my request. Thank you	phone	Sep 05 2008
Financial Shortfall Have you reviewed the ridership projections compared to the cost projections to find the segments that have the highest cost per rider? I think that you might find that the Gold line and the Boulder to Niwat \ segment of the NW rail corridor (and/or other segments) should be delayed until financing is available and they meet the cost per rider-mile criteria of the general line. \ \ Wayne XXXX\ XXX-XXX-XXXX	email	Sep 15 2008
I live west of Olde Arvada (XXXX & XXX), is the Goldline set to share the current tracks? Or, will there be a separate track set for just the Goldline? If so, will the tracks be on the north or south side of the current tracks (between Garrison & Olde Wadsworth)? \ \ I've looked at several maps but was unable to identify how the tracks would run with the current ones. \ \ Thank you \ \ Diane XXXX	email	Sep 22 2008
Yes, my name is Carol. My number is XXX-XXX-XXXX. I would like a call back. I'm calling regarding the Gold Line between Lamar and Wadsworth bypass, and I heard that the railroad said something to a neighbor about it being on a high track on the opposite -- on the south side of the rail tracks. I just need to know if there have been changes. So, if you would let me know as soon as possible I would appreciate it. Thank you.	phone	Sep 25 2008
