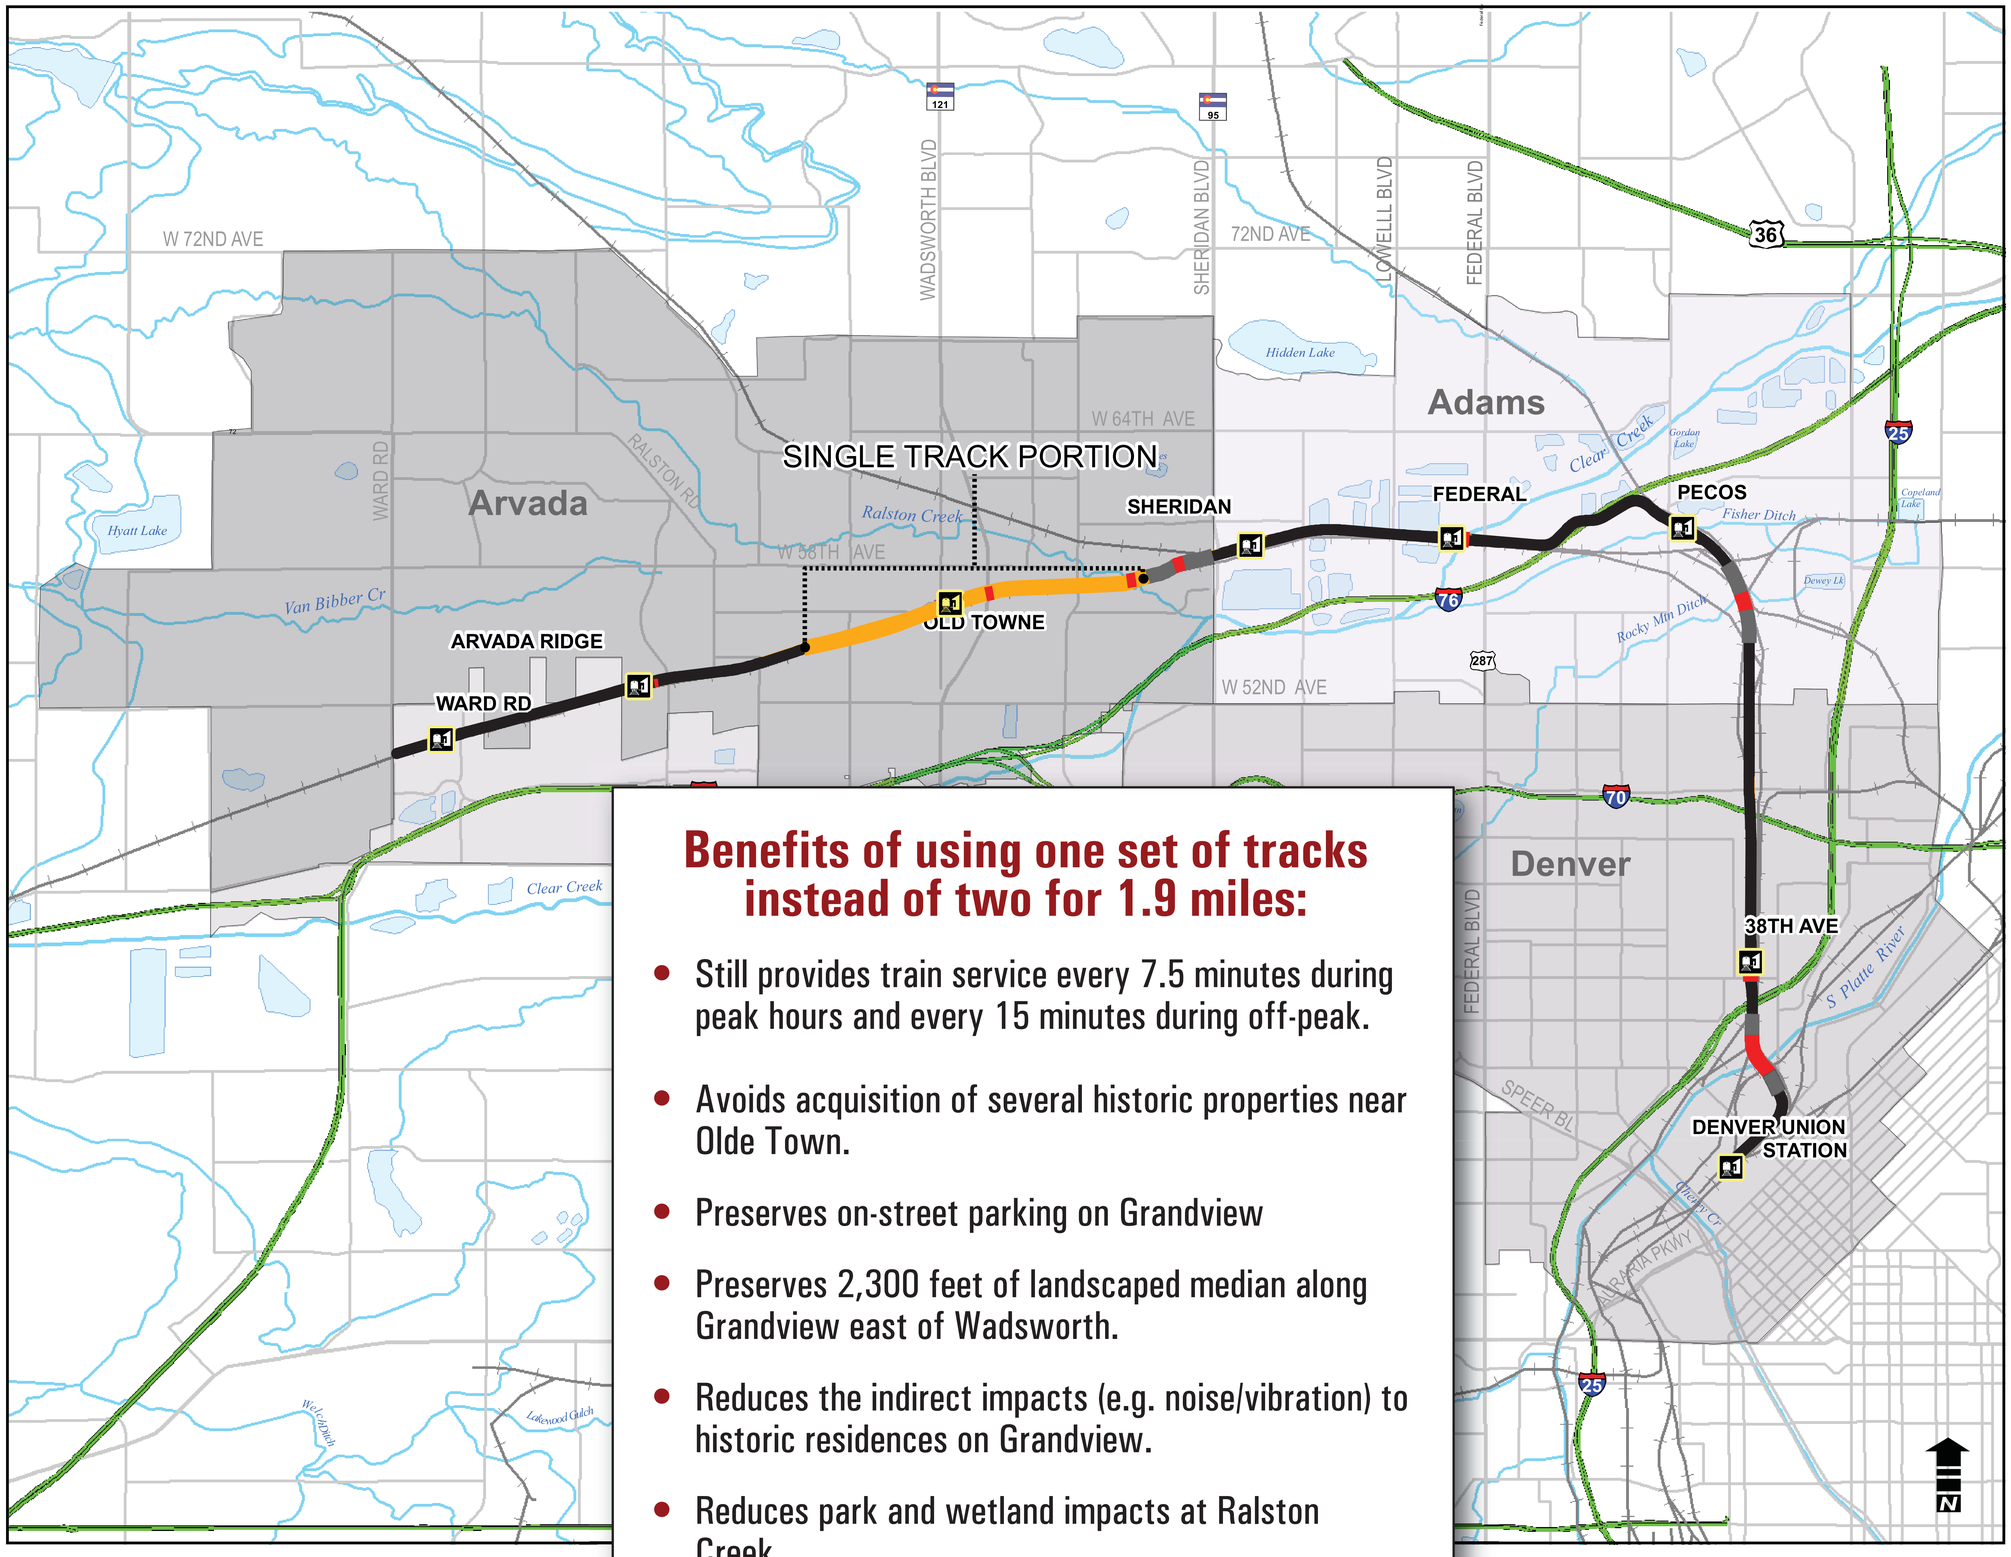
Proposed Single-Track Segment



Benefits of using one set of tracks instead of two for 1.9 miles:

- Still provides train service every 7.5 minutes during peak hours and every 15 minutes during off-peak.
- Avoids acquisition of several historic properties near Olde Town.
- Preserves on-street parking on Grandview
- Preserves 2,300 feet of landscaped median along Grandview east of Wadsworth.
- Reduces the indirect impacts (e.g. noise/vibration) to historic residences on Grandview.
- Reduces park and wetland impacts at Ralston Creek.
