

# FasTracks I-225 Corridor

## Environmental Evaluation/Preliminary Engineering

The FasTracks I-225 Team needs your input on:

- Alignment and station alternatives
- Need for parking at certain locations
- Benefits or potential impacts of preliminary recommendations (derived from public comments, partner input and Level II screening).

When filling out your comment sheet, please reference which section you are commenting on (e.g. Abilene/Colfax Section).

### **Table #1 - Nine Mile to Iliff**

East Light Rail Alignment  
Iliff Station Platform Location  
Need for Parking

### **Table #2 - Iliff to Exposition**

East / Abilene Light Rail Alignment  
Station Move -- Exposition to Florida  
Florida Station Platform Location  
Pedestrian Bridge  
Need for Parking

### **Table #3 - City Center**

Exposition / Sable / Ellsworth Light Rail Alignment  
City Center Station Platform Location  
Need for Parking

### **Table #4 - Abilene / Colfax**

Light Rail Alignment  
Abilene Station Platform Location and Need for Parking  
13th Ave. Alternate Station Platform Location and Need for Parking
