

What is included in the Environmental Evaluation?

- **Purpose and Need:** Definition of the Purpose of the project and the Need for fixed guideway transit improvements.
- **Alternatives Considered:** Development and screening of alternatives and refinement of the Preferred Alternative based on resource impacts and public input.
- **Affected Environment, Impact Evaluation, and Mitigation Measures:** Identification of existing social and natural environmental conditions, anticipated impacts, and mitigation measures of the No-Action and Preferred Alternatives.

- **Transportation Systems:** Discusses the existing transportation conditions and the anticipated benefits and impacts that would result from the implementation of the No-Action and Preferred Alternatives.
- **Public Involvement and Agency Coordination:** Collection and consideration of input from Project Partners, the public, and other stakeholders regarding the Preferred Alternative.
- Adoption of the FINAL Environmental Evaluation by the RTD Board.
