

Other Related Projects: RTD Bus Program

Bus service into Anschutz / Fitzsimons prior to I-225 Corridor completion:

- Changes will be incremental over time, based on RTD Board approval, and subject to the public hearing process and financial resources
- A new route, the DM has been developed to transport commuters between Boulder and the Anschutz / Fitzsimons campus
- The Route 121 was re-routed to stop at Quentin Street on the Anschutz / Fitzsimons campus; this stop coordinates with the Fitzsimons internal shuttle
- RTD Service Planning is continuing to work with the Fitzsimons Transportation Management Association (TMA) to explore other options
