

## West Corridor Utility Relocation for Comcast

Purpose: To Relocate Comcast's network out of RTD right-of-way

Construction will include the following tasks:

- Underground digging, small and heavy equipment, bucket trucks, Pole moves, after hours work.

Some easements will be required.

TCS Communications currently is the contractor for Comcast. 303-762-1514

All landscaping disturbed by Comcast construction work activity, will be restored to original condition.

Area of impact: Quail St to Harlan St

Private Property Access - Homeowner notification 24-48 hours with door hangers.

Hours of work for Daytime construction 9am – 3pm

Planned outages on services (12am – 6am) for Night time work

Service outages on all products - Video, High Speed Internet & Digital Voice.

Local outages & nearby community outages.

Champion cable is scheduled to be acquired by Comcast in August 2007.

Champion's network will be removed by Comcast.

Customer's laterals will stay overhead in most cases.
