

UDC – December 2006

Informative meeting – 3
Looking forward to light rail – 2
Want to see parking structure design – 2
Include historic photos/themes at stations – 2
Concern about traffic flow/congestion – 2
Concern about safety with no bells
Concern about ditch by 13th Place
Concern about trees by 13th Place
Concern regarding substation visuals
Concern about vibration/noise
Concern regarding lighting and “light trespass”
Concern for safety for Independence crossing
Concern with hammerhead at Holland
Want to see final bike path
Want to see how transfers work from line to line
Want alternatives for sound walls
Want to see final barriers
Want privacy for home/yard
Want RTD to buy my property
Noise analysis needs to consider increased traffic on 13th
Don’t have Federal and Federal Center station names – too confusing
This line won’t make a profit
