WEST CORRIDOR CONSTRUCTION MOVES TO JEFFERSON COUNTY GOVERNMENT CENTER

WEST CORRIDOR CONSTRUCTION AT THE JEFFERSON COUNTY GOVERNMENT CENTER BEGINS ON MARCH 1, 2010

GOLDEN, February 25, 2010

West Corridor construction will begin in earnest at the Jefferson County Government Center on Monday, March 1, 2010. Crews will move in to begin operations that include: mass excavation for retaining walls and the parking garage, underground utility relocations, station construction and roadwork. During construction, the bike path just south of the complex will be closed. Pedestrians will be detoured north on Johnson Road to Jefferson County Parkway. On approximately March 15, 2010, the outbound side of the Roundabout on the east side of the courthouse will close to exiting motorists to provide access for construction vehicles. Traffic will be re-routed out of the complex down the newly opened Jefferson County Parkway. This closure will be in place for approximately six weeks. Construction activities will last approximately eight months, with the widening of Johnson Road scheduled in November 2010.

FasTracks is RTD's voter-approved, 12-year program to expand rail and bus service throughout the RTD service area. Scheduled for completion in 2017, FasTracks will create six new rail corridors, extend three existing corridors, build 18 miles of bus rapid transit service, add 21,000 new parking spaces, redevelop Denver Union Station and expand bus service across the eight-county District.
